

Global company **505 Games** chose RSR to **transform an empty office** floor into a dynamic and **creative office space**, showcasing all of the **company's greatest hits.**

Industry: Gaming  
Project Length: 14 weeks  
Project Value: £400,000

---

505 Games, a subsidiary of the entertainment company Digital Bros, is a global video game publisher. The company publishes and distributes retail and digital premium and free-to-play games on leading consoles for Sony, Microsoft, Nintendo, PC (Steam, Epic and GoG) and handheld platforms including mobile devices and social networks. Covering globally in California, UK, France, Germany, Italy, Spain, China, and Japan.

With 505 Games expanding even further, they chose **Milton Keynes** for their next office location. RSR added **open plan workspaces** for collaborative working as well as **smart meetings rooms** incorporating sockets and cabling into the tables with a focus on video conferencing for **modern, hybrid working**.

Large feature walls throughout the office space allow clients and visitors to see a snapshot of the work 505 Games produces with addition to making the office environment a bright and playful workspace. We stripped out and reinstalled a new breakout area with a new kitchen including the latest features; instant hot water tap, coffee machines, integrated microwaves, and mini fridges.

The logo for '505 GAMES' is displayed on a vibrant green living wall. The number '505' is rendered in a stylized, outlined font with a red-to-orange gradient, while the word 'GAMES' is in a bold, black, sans-serif font with a white outline. The living wall is composed of numerous small green plants, creating a textured, natural backdrop. The room is lit with warm, industrial-style pendant lights and features exposed silver ductwork on the ceiling.
